

AMERICAN CHANGER[®]

Changing the IndustrySM

PRICE BOOKLET
Effective Feb. 5, 2024

AMERICAN CHANGER[®] • ROWE[®] • TRIAD[®] • HOFFMAN MINT[®]

All prices are in U.S. dollars.

All sales of equipment, accessories, replacement parts and services associated with American Changer Corp. are subject to the Terms and Conditions of American Changer Corp. All other Terms and Conditions are hereby rejected. A copy of (i) the General Terms and Conditions of Sale and for the American Changer Corp (ii) Payment System Privacy Policy and (iii) Licensing Agreement are available at www.americanchanger.com. Products sold by American Changer generally include a Limited 1-Year Warranty on parts and labor (performed in our factory) and a Limited 2-Year Warranty on Banknote Validators. In the event of discrepancy between information in this Price List and American Changer's written Limited Manufacturer's Warranty in its Terms and Conditions of Sale, the written Warranty governs.

Prices for Options and/or Parts apply only when purchasing with new Products (machines). Options and Parts ordered separately through our Service Department will be offered at a higher price.

Certain Product models can be ordered with "Token" or "Change" decals. Front decals in a variety of languages available upon request. Custom decals can be ordered at additional cost. Cabinet can be painted black, white, or yellow for an additional cost of \$150 List. Custom paint colors are not available. Decal design or paint color can be changed by American Changer at any time. Color of all decals or paint may vary from samples previously furnished to, or other goods previously purchased by, the customer.

Products dispensing or accepting banknotes are designed for use of banknotes 62mm (2.44") to 78mm (3.07") and 100mm (3.93") to 162 mm (6.37") wide.

Validator stacker capacity is based on the size of a USA banknote which measures in inches 6.14" L x .0043"H x 2.61" W (155.956 L x 0.10922 H x 66.294 W mm). Banknote weight is 1 gram. American Changer may unilaterally and at its sole discretion determine the brand of Validator provided.

Hopper capacities are based on coins the size of a 2014 USA Quarter (measuring 0.955" or 24.257 mm, weighing 0.182 Troy ounces or 5.670 grams) or the USA \$1 coin (measuring 1.043" or 26.4922 mm, weighing 0.260 Troy ounces or 8.100 grams). Hopper capacities may increase or decrease when using different sized coins, and are dependent on how coins are loaded into the Hoppers. Product models are compatible with Token sizes ranging from diameter .75" to 1.125" (1.905 to 2.8574mm) and thickness of .049" to .098" (1.2446 mm to 2.4892 mm).

Dimensions and weights are reasonably close estimates measured by American Changer prior to packaging Product for shipment. Stated estimated dimensions and weights reflect Products without added options.

Additional options may be available. All options and/or customized features are an additional cost over the base price of the Product.

NAYAX VPOS Touch Credit Card Reader accepts Magnetic Stripe, EMV Chip, Tap to Pay & Mobile Payments.

American Changer makes the effort to ensure the accuracy of information published in this Price List. However, prices, specifications, warranty and product illustrations may contain technical and/or typographical errors. All Products and Services are to be used in accordance with business best practices and owner's/operator's best judgment. Specifications stated herein may vary without notice. Capacities are approximations and may vary.

Products and/or services supplied by American Changer are not 100% secure.

Installation, use, service, and maintenance must be performed in accordance with applicable Product manuals provided by American Changer (visit www.americanchanger.com) and comply with any and all pertinent laws and regulations.

CPI TALOS RECYCLERS

Takes bills coming in for payment, stores them in an internal drum and returns the bills alongside the remaining change.

This not only helps reduce the need to constantly refill hoppers but is easier for the customer – they no longer receive 80 quarters for a \$20 bill!

Dual CPI Recyclers hold a quantity of 60 bills (\$5 bills) and will replenish itself as customers insert more \$5 bills.

LIST: \$5,570

AC2225
 Rear Load Banknote Changer
 High Capacity
 Blue Decal available

NAYAX CREDIT CARD SYSTEM

NAYAX Credit Card System allows you to view machine information remotely. An operator can view the total number of transactions, credit card sales from various timelines, unused machines and more!

The VPOS Touch accepts credit cards, debit cards, NFC payments and mobile payment apps. An American Changer Super-U Board is needed to use a Credit Card System.

Choose between a cellular or IP credit card system. Available in black or yellow.

PRODUCT HIGHLIGHT

Give your customers an interactive experience! A clear panel at the top of the machine allows customers to peer into the machine and see glittering coins or tokens. With a wide stainless steel coin collection tray, customers can easily grab their change. Although compatible with US currency, these floor models are also a great solution for currencies with higher coin denominations.

These large capacity floor model machines are available in yellow, white, or black paint.

LIST: \$7,720

MORE ABOUT THE AC6000

An American Changer classic!

The AC6000 is a great choice for operators looking for very large coin capacity.

The base of the machine provides locked storage, perfect for storing extra tokens or other items.

A blue decal is available at no extra charge for the laundry or car wash industry.

REMOTE ACCESS BOARD

With the Remote Access Board, you can monitor the status of your American Changer machine remotely. It allows for remote auditing, including cash in, credit card transactions, and total sales.

The Remote Access Board allows tracking of:

- Validator status
- Hopper status (up to 4 hoppers)

An email or text will be sent if the machine experiences a failure.
You can also remotely issue a payout from their machine

Note: A static IP address is needed. Router is included.

	4 Decals Total	

LIST: \$16,430

What are Commissionable Payouts?

Earn money while making change! Commissionable Payouts allow operators to set a commission on bills inserted into the Bill Breaker. For example, if a customer enters a \$50 bill, the machine will payout \$47 worth of \$1 bills. This means the operator can make money on every transaction!

HOFFMAN MINT TOKENS

Hoffman Mint, a trademark of American Changer, is a designer and leading manufacturer of high-quality tokens. Our tokens are minted under strict quality standards.

We use high-speed automatic coining presses; the same kind used to mint legal tender across the world. Our team mints standard and custom tokens for many uses, focusing on amusement, car wash, laundry, and transit industries.

Hoffman Mint also produces souvenir and commemorative coins for those looking to create lasting impressions.

Visit www.HoffmanMint.com for more.

All sales of tokens and related products and services are subject to the Terms and Conditions of Sale of Hoffman Mint and all other terms and conditions are hereby expressly rejected. A copy of Terms and Conditions of Sale of Hoffman Mint are available at www.HoffmanMint.com. Tokens are intended for monetary transactions.

BOARD INFORMATION

UNIVERSAL BOARD

The Universal Board allows for one Validator and two Hoppers with one power supply.

The following models have a Universal Board:

Front Load: AC101, AC111, AC201, AC250, AC250-CRR, AC500, AC501 Series, AC502, AC1000, AC1001, AC1002, AC1178, AC2000, AC2001, AC2009, AC8002

Rear Load: AC105, AC205, AC505 Series, AC1005, AC2005, AC2221, AC2225, BC-1400A, BC-2800A

SUPER-U BOARD

The Super-U Board allows for up to two Validators and two Hoppers with one power supply and can dispense two different types of coins/tokens from either Validator. It allows acceptance of banknotes with a denomination over 100 for international currencies.

The following models have a Super-U Board:

Front Load: AC2002 & AC6000

The following models can be upgraded to the Super-U Board:

Option AC1067.1-SUB LIST: \$275

Front Load: AC101, AC201, AC1000, AC1001, AC1002, AC2000, AC2001, AC2009, AC8002

Rear Load: AC105, AC205, AC1005, AC2005, AC2221, AC2225, BC-1400A, BC-2800A

FLEX-2 BOARD

The Flex-2 Board allows for up to 2 Validators and 2 Hoppers with one power supply. It is needed when using a Remote Access Board. Please note the Nayax Credit Card Upgrade will not work with the Flex-2 board, thus it cannot be combined with the Remote Access Board. Models AC2006, AC2007, AC2207 & AC6007 are exceptions, as they only have one Validator. The following models have a Flex-2 Board:

Front Load: AC110, AC603, AC604, AC2006, AC3078-UK3, AC3178, AC4078, AC6007, AC7712, AC7812, AC7914, TC400A-FL, TC500A-FL

Rear Load: AC605, AC2007, AC2207 AC7715, AC7815, BC-1500A, BC-1600A, BC-3200A, TC400A-RL Series, TC500A-RL Series

OPTION GUIDE

Drill Resistant T-Handle(s)

Work in concert with Medeco Locks & Keys to help prevent compromise of the locks by drilling.

Heater

Ideal for machines exposed to colder climates, the optional heater provides heat to the machine's internal components. This helps maintain the functionality of the machine.

IDX Coin Acceptor

Offers the same benefits as the Micro-Coin Coin Acceptor, but allows acceptance of a broader range of coin sizes and types. It can be adjusted to accept only specific alloys or sizes for added security purposes.

Medeco Locks & Key(s)

Can help offer increased security to the machine cabinet through a stronger locking mechanism and unique keys which are difficult to duplicate.

Micro-Coin Coin Acceptor

Allows the machine to accept coins as payment in place of, or in combination with, banknotes. This is a common option for token dispensers.

Pedestal Base

4-sided steel Pedestal Base with durable black powder-coated finish and pedestal-like bottom. Designed with 4 holes at the bottom of the pedestal, operators can secure the base to the floor (recommended). There are several models offered based on the machine's model, as dimensions are matched with the applicable machine. Only offered with Front Load machines.

Vending Base

3-sided steel Vending Base with a durable black powder-coated finish. Must be secured to a solid structure, such as a wall. An optional back plate is available if the operator wishes to have a fourth side, which comes with a base plate (a thin piece of metal that attaches to the bottom of the base to allow operator to drill base to the floor). There are several models offered based on the machine's model, as dimensions are matched with the applicable machine. Only offered with Front Load machines.

Vending Header

Vending Header with a durable black powder-coated finish. Mounts to the top of the machine cabinet, matching the height of many vending machines for a cohesive look. It also provides space to display additional information or advertising. There are several models offered based on the machine's model, as dimensions are matched with the applicable machine. Only offered with Front Load machines.

DEFAULT PAYOUT GUIDE

When placing an order for an American Changer, Rowe, or Triad machine, the desired payout will be needed. For example, if a dollar is inserted into a machine, what is dispensed? Payouts are programmed prior to shipment, so that the machine is plug-and-play upon arrival. See below for the default payout guide. If you require a different payout, please note the breakdown on your order. The below guide shown in USD.

Majority of American Changer, Rowe & Triad Changers:

\$1 = 4 quarters · \$5 = 20 quarters · \$10 = 40 quarters · \$20 = 80 quarters

AC500

\$1 = 4 quarters · \$5 = 20 quarters

Changers w/ Recyclers:

\$1 = 4 quarters · \$5 = 20 quarters · \$10 = 20 quarters · \$20 = 20 quarters with 3 x \$5 bills

Token Dispensers with NAYAX Credit Card Reader:

Button 1 (\$1 = 4 tokens) · Button 2 (\$5 = 20 tokens) · Button 3 (\$10 = 40 tokens) · Button 4 (\$20 = 80 tokens)

Token Dispensers without a keypad have one price point available, which can be pre-programmed

Ticket Dispensers:

Decals for these machines show the below payouts. If a different payout is requested, a custom decal is needed.

AC110:

Button 1 (\$1 = 1 ticket) · Button 2 (\$5 = 5 tickets) · Button 3 (\$10 = 10 tickets) · Button 4 (\$20 = 20 tickets)

AC111:

\$1 = 1 ticket · \$5 = 5 tickets · \$10 = 10 tickets · \$20 = 20 tickets

Card Dispensers

Banknotes Only:

Accepts \$1 - \$20

Card Dispensed = \$5

Credit Card Only:

Swipe = \$5

Card Dispensed = \$5

Banknotes & Credit Cards:

Accepts \$1 - \$20 · Swipe = \$5

Card Dispensed = \$5

ASK ABOUT UPGRADE KITS

American Changer offers Upgrade Kits for older American Changer, Rowe, & Triad machines.

Using your existing cabinet, you can update your internal components to the latest and greatest American Changer technology. Ask about Upgrade Kits today!
