KD10

High Speed Cash Deposit

KD10 is an ideal front office solution in the retail, QSR, and C-store environments. The KD10 helps safeguard assets against shrinkage and human error.

KD100

High Speed & Large volume Cash Deposit

The KD100 is designed to optimize cash management operations in banking, retail, grocery, and wholesale businesses. With its cutting-edge technology and large capacity, the KD100 maximizes the efficiency of your business cash operations and is especially well-suited to handling large quantities of cash.

KRB10 ***KRC10***

High speed bulk cash recycling solution

Automating cash handling at the point of sale, the KR10 & KRC10 cash recycler reduce pressure on your cashiers that handle cash at the cash counter while allowing them to better engage with your customers.

The KR10 & KRC10 will help you curb loss due to shrinkage by preventing the risks of human error and potential theft.

Thank you!
