With over 50,000 CountEasy units in daily use, you already know that you can depend on the CountEasy 2 to provide 100% accurate counts the first time, every time, and eliminate count errors.

With the CountEasy 2, you can accurately count the entire contents of a cash register in less than 1 minute, saving you time and money, and also enjoy a whole host of features including a large LCD backlit configurable screen; easy and quick float setup capability, and the ability to count two active currencies, making your cash counting even easier.

The CountEasy 2 is portable and operated from AC supply power or from a rechargeable battery for up to 12 hours. So, you can count your cash at POS or in your back office.

Ideal for speeding up spot checks, lifts, banking, shift changes, and end-of-day, the CountEasy 2 is extremely versatile, and is available with or without an integrated printer.

GET CONNECTED

The CountEasy 2 can be enhanced with Connect driver software that enables the transfer of count data from your CountEasy 2 directly into a windows PC via a USB cable. This allows you to automatically populate a spreadsheet or back-office application, saving considerable time and removing the opportunity for manual errors.
